

Rockwell Part

Rockwell Parts - The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and components along with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to meet and exceed their clients' expectations for service, technology, delivery and quality. They believe in working within an atmosphere which supports the highest integrity with empowered teamwork, combined with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively applying principals of environmental stewardship and safety in how they do business. The business has put various programs in place in order to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any comments or questions, since they are glad to share and promote this policy with a greater knowledge of their efforts. They are very committed to improving and preserving the environment. AxleTech has an EHS program that not just protects the environment but which even actively protects their neighbors and employees also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech specially designs axles to meet specific application demands. They have over one thousand different axle specs within their current offering. With more than one hundred years of knowledge and history, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The company is well known in various commercial and military applications. They provide complete axle assemblies utilized for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have further details which can be found in the "ISAS" product selection.
